SERVICES · PRICING · KIT · HOW WE WORK

1 About Detail Valley

Mobile detailing, Valley County

Detail Valley is a mobile car-detailing service in Valley County, Idaho — McCall, Cascade, Donnelly and nearby. We come to the customer's home or workplace and bring our own gear.

No deposit to book; the customer pays when the work is done. Open Mon–Sat with morning and afternoon slots.

How customers book

Bookings come in through the website calendar (detailvalley.com). Each booking lists the package, add-ons, vehicle size, address and chosen slot.

2 Services & pricing

Express — \$60 (~1 hr)

Exterior hand wash & dry, wheels / tires / wells, tire dressing, interior vacuum, quick interior wipe-down, glass in & out.

Full Detail — \$150 (~3 hrs)

Everything in Express, plus clay decontamination & paste wax, interior deep-clean (panels, vents, seams), bug & sap removal, door jambs and trim dressed.

Signature — \$210 (~4½ hrs)

Everything in Full Detail, plus a seat & carpet shampoo, an engine bay clean, a second coat of wax, trim dressed and a fresh scent. Our top “full reset.”

Add-ons & surcharges

ADD-ONS Pet hair removal \$35 · Seat shampoo \$45 · Engine bay clean \$30

NOTE Seat shampoo and engine bay are already part of Signature — don't double-charge them.

VEHICLE SIZE SUV / crossover / crew-cab +\$20; oversized or extra-dirty +\$40.

3 What we don't offer (yet)

Be honest — don't promise these

Our current kit can't deliver the following, so we don't sell them. Tell customers plainly rather than over-promise:

- Paint correction / machine polishing — no polisher or compound.
- Ceramic coating or paint sealant — no coating product.
- Headlight restoration — no sanding / polishing kit.
- Undercarriage / salt flush — needs a hose run underneath.

When the kit grows (polisher, coating, hose), these can become real services and add-ons.

4 On-site requirements

Water & power, every job

We bring all our own gear, but every job needs an outdoor water tap AND a power outlet within reach of where the car is parked.

Confirm both at booking. If they're not available, reschedule or arrange a spot that works. Always park in the shade.

Still to grab: a ~50 ft garden hose + adjustable nozzle to complete the water setup.

5 The kit

Wash & finishing

Snow foam cannon (2L), Extreme Bodywash & Wax 2-in-1, Foam Wheel & Paint Wash, wash mitts (2), two 5-gal buckets, 50 microfiber towels, Nano Magic clay bar kit, 2540 paste wax, tire & trim care paste.

Interior, glass & detail

VEVOR wet/dry shop vac (5 gal), LA's Totally Awesome APC (4), Glass & mirror cleaner, 99% isopropyl alcohol, 6 nylon detail brushes, 120 micro detail brushes, Little Trees air fresheners.

Rig & PPE

200 nitrile gloves, 30 ft extension cord, 14-pc faucet adapter set, garden hose + nozzle (to add).

6 Standard workflow

Same order, every car

Wheels & tires first › exterior foam + two-bucket wash › clay decontamination › wax › interior (vacuum, APC + brushes) › glass › final scent › walk-around, payment & review.

| *Top-to-bottom outside, cleanest-to-dirtiest inside; let products dwell.*

7 Quality & safety rules

Protect the paint

- Work in the shade; never product on hot paint.
 - Two buckets and separate mitts to avoid swirls.
 - Thin layers of wax — they buff off easy.
-

Protect the car & yourself

- Test APC on a hidden spot; go gentle on glossy trim.
 - Engine bay: cover electronics, low water, no high pressure.
 - Color-code towels; gloves for chemicals.
-

8 Customers & money

Getting paid & getting reviews

PAYMENT Due when finished — cash, check, cards, Venmo, PayPal or Cash App. No deposit.

EVERY JOB Photo before & after, quote size + add-ons up front, walk the finished car together, then ask for a 5-star review.
